

### **HÖRMANN Logistik intensifies its AutoStore® activities in Eastern Europe with the foundation of HÖRMANN Logistik Polska Sp. z o.o.**

Since the beginning of 2020, HÖRMANN Logistik also has the distribution rights for Austria, Switzerland and Eastern Europe in addition to Germany. To be able to work more intensively on the CEE markets in addition to the numerous new projects in Austria, HÖRMANN Logistik Polska Sp. z o.o. was founded.

### **Competent team for the growing automation requirements in logistics**

In Poland and other Eastern European countries, the Corona pandemic has also created new logistics challenges in e-commerce and other industries. After a detailed market analysis and numerous planning discussions, HÖRMANN Logistik Polska Sp. z o.o. was launched in May 2021. Oliver Vujcic, Managing Director of HÖRMANN Logistik GmbH in Munich, played a key role in shaping the new team and will continue to actively develop the company in Poland as a member of the Management Board. Agata Kostecka, who has many years of experience in the automation technology sector, is the Managing Director of HÖRMANN Logistik Polska and also a member of the Board. Pawel Lusiak, who started his career as a PLC programmer in the automotive industry and most recently worked as a project manager on a wide variety of automation projects, has been recruited for the local sales activities. The sales team in Poland is supported from Munich by Alona Khalizeva (Deputy Head of AutoStore® Department and responsible for the CEE market).

With its own warehouse management system HiLIS AS, HÖRMANN Logistik offers an intelligent software suite and the optimal platform for particularly powerful AutoStore® systems.

### **A wealth of experience with customized material flow solutions**

In over 30 years of company history, HÖRMANN Logistik has successfully implemented around 300 intralogistics projects in various industries. Highly efficient high-bay warehouses for pallets or rolls, small parts, and tray warehouses as well as the connecting conveyor technology and picking systems. Since 2013, HÖRMANN Logistik has been the official distributor of the innovative AutoStore® small parts storage solution. Since then, numerous AutoStore® solutions have been implemented in different industries.

Munich, July 2021
